

Tolani Ecosystem — Subsidiary Brand Intake Template

Purpose

This template is used to formally onboard any new subsidiary, product, DAO, or venture into the Tolani Ecosystem.

Entity Information

- Proposed Name
- Parent Division (Corp / Labs / Foundation / Other)
- Jurisdiction(s)
- Primary Contact / Owner

Mandate & Scope

- Problem being solved
- Target audience
- Revenue or impact model
- Risk profile (Low / Medium / High)

Brand Tier Classification

- Tier 1: Parent (Tolani Corp only)
- Tier 2: Division (Labs, Foundation, Construction)
- Tier 3: Product / Program / Token

Visual & Naming Considerations

- Does this entity require a logo?
- Will it inherit parent colors or require accents?
- Any token or on-chain representation?

Approval

Submission of this template does not grant approval. Final authorization follows the Brand Review & Approval SOP.
